Remarks

Remarkable opportunity to purchase this building! Continue operating as a church OR develop the property into apartments/offices/professional services etc. The building is beautiful, large and wide open. The ceilings on the first floor are approximately 25' and lower-level ceilings are 15' high. Plenty of room to make major adjustments to the current layout and use. (6) parking spaces located on the backside, with plenty of room to add additional parking in the front of the property. Lower level is setup like a banquet hall, with a full-service kitchen, ADA compliant bathrooms and seating for well over 100 people. Exterior brick construction is in great condition and includes unique, one-of-a-kind, designs and architecture. Showing the property is simple. Call us to arrange a private tour.
